Martin:

With respect to the 9:30 meeting on the 28th, I note that the following Sunnyside personnel will attend, in addition to me: Nathan Longenecker (Vice President and General Counsel), Kevin Roach (Director, Reclamation), and Larry Perino (Reclamation Manager).

Thanks and regards.

Greg

Martin:

It was good to speak the other day. Thank you for your email. I am looking forward to meeting with you and Jim Martin. (As noted, whether Mr. Roberts is able to accompany me will be dependent upon his schedule.)

Your concepts regarding the second meeting commencing at 9:30 make sense, and the appropriate Sunnyside personnel will attend. (Just to clarify, we will be representing Sunnyside Gold Corporation.)

As discussed, I am very excited about the potential to build a collaborative relationship that will result in timely, tangible improvements to water quality in the Animas.

Thanks and regards.

Greg

Greg V. Etter

Vice President

Sunnyside Gold Corporation

Greg - Our Regional Administrator Jim Martin is looking forward to meeting with you and Loren Roberts for one half hour on 2/28/12 at 9 am.

Our office is located at 1595 Wynkoop in Denver Colorado. You will need

to go through security to enter the building and someone will meet you

in the atrium to escort you up to Jim's conference room. After your meeting with Jim, we have scheduled an hour and a half to meet with you,

technical and legal staff from Sunnyside/Kinross, our legal and technical staff, and BLM and CDPHE technical staff to discuss what collaboration might mean as it relates to upper Cement Creek mining issues, what all of our interests are, what our constraints are and what

Sunnyside/Kinross proposes to do with the money it has offered to apply

to water quality issues in upper Cement Creek. Looking forward to meeting you. Let me know if this meets with your satisfaction.
